Dear Mr. Fabiani:

Thank you for your response to our data request. While we understand that our consultant is working with you on a number of items, we would like to specifically request a response to the franchise financial data section. We are particularly interested in understanding more about the franchise revenues, expenses and profits. We would like access to the financial statements of the Chargers and the NFL quartile reports related to franchise revenues, expenses, and operating profits. We understand your sensitivity to public disclosure of this information and we are willing to work with you to be sensitive to your confidentiality concerns. Our interest in this information is to better understand the Chargers position relative to other NFL franchises in regard to overall economic viability.

Please let us know the best manner in which we can review such information. Thank you in advance for your assistance.

Sincerely,

Ron Saathoff
Finance Committee Chairperson

David E. Watson
